## EDUCATIONAL BACKGROUND

---

### **Bachelor of Informatics Engineering**

**Universitas Islam Kalimantan Muhammad Arsyad Al Banjari Banjarmasin (2015-2019)**

GPA : 3.37 of 4.00

Final Project : “Aplikasi Human Resource And General Services Pada PT. Hasnur Riung Sinergi Dengan Framework Codeigniter”

## CAREER MAIN ROLE

---

An experienced Web Programmer with expertise in web application development and IT operational systems. Offers skills in utilizing various technologies and frameworks, backed by a diverse background in multiple industries.

## CAREER SUMMARY

---

As a dedicated Web Programmer, I have built a solid experience in web application development and IT operational system management. I possess a strong background in overseeing IT operations across various companies, ranging from roles as a Foreman at PT. Bukit Makmur Mandiri Utama to an Admin Logistics at PT. Cakrawala Putra Bersama. Throughout my career journey, I have successfully developed significant internal applications such as People Development and Learning Center at PT. Bukit Makmur Mandiri Utama. I also have experience in creating efficient solutions for logistics, inventory, and plant management at PT. Cakrawala Putra Bersama. My expertise includes development using CodeIgniter 3 & 4, Laravel, and Vue.js, along with skills in Linux operating systems and server management. I possess proven leadership skills, especially in my role as Foreman, and proficiency in data analysis using Power BI. I am actively involved in the technology community and am a member of the Informatics Engineering Student Association. My certifications, such as Mikrotik MTCNA, BNSP Programmer, and Digital Talent Scholarship, reflect my commitment to professional development. With a combination of experience, technical skills, and leadership capabilities, I am prepared to make a significant contribution to a dynamic and challenging work environment. Thank you for your consideration. I look forward to bringing added value and a spirit of innovation to your team.

## PROFESSIONAL EXPERIENCE

---

- **PT. Bukit Makmur Mandiri Utama (Foreman - IT Operation & Programmer) 2023 - Present**
  - **SafetyAlertPro Application:**
    - Automatic Email Notifications.
    - Report and Chart Display.
    - Monitoring Permit Expiry & Commissioning Unit Monitoring.
  - **EmployeeHealthInsight Application:**
    - Detailed Health Analysis.
    - Health Data Integration.
    - Daily Health Reports.
    - Employee Health Monitoring.
    - Important Health Notifications.
    - Easy and Direct Registration

- **People Development Application:**
  - Designed and implemented an employee assessment module.
  - Developed a system for planning and tracking employee improvements.
  - Implemented REST API for integration with other systems.
- **Learning Center Application:**
  - Developed a module for employee training.
  - Designed and implemented an employee assessment system.
  - Monitored training progress and generated reports.
- **Efficiency Enhancement.**
  - Contributed to improving the efficiency of operational systems.
  - Spearheaded the development of various internal applications, including People Development and Learning Center.
- **PT. Cakrawala Putra Bersama (Admin Logistik) 2022 - 2023**
  - Managed logistics administration.
  - Proficient in SAP (Systems, Applications, and Products in Data Processing).
  - Developed Logistic & Plant application for inventory and plant management.
  - Designed and implemented inventory management modules.
  - Developed Plant & Logistics application to track company assets and equipment.
- **PT. Dua Empat Kalimantan Garuda (IT Programmer & Super Sales) 2020**
  - Achieved significant sales milestones as a Super Sales.
- **RSUD Datu Sanggul Rantau (IT Programmer) 2021 – 2022**
  - Designed, developed, and maintained software.
  - Optimized information systems for operational efficiency in the hospital.
  - Built IT systems to support hospital operations at RSUD.
  - Provided technological solutions to enhance efficiency.
  - Developed an Integrated Online Queue Application with SIMRS Khanza.
  - Built Hospital Information System applications.
- **PT. Via Digital Indonesia (Backend Developer) 2019 - 2020**
  - Designed and implemented backend for applications and websites.
  - Collaborated with development teams to achieve project goals.
  - Developed the Internal Application for Bank Indonesia Branch in South Kalimantan.
- **PKL PT. Hasnur Riung Sinergi (Human Resource and General Service) 2019**
  - Supported Human Resources (HR) functions and general services within the company.
  - Involved in personnel management and general service administration.
- **Freelance Graphic Design & Web Developer 2016 - Present**
  - Providing freelance services in graphic design and web development.

- Adobe Photoshop.
- Adobe Illustrator.
- Figma.
- Jigsaw Hexagon Mining:
  - Troubleshoot technical issues.
  - Installation of Jigsaw Hexagon Mining.
- Proficient in identifying and resolving issues with radio communication devices.
- Manajemen Versi (Version Control):
  - Git & GitHub.
- Mobile Application Development:
  - Dart Flutter.

## **ORGANIZATION AND COMMITTEE EXPERIENCES**

---

### **Informatics Engineering Student Association (UNISKA) 2018 - 2020**

- Served as an active member and was part of the event committee.
- Involved in student skill development activities.

## **COURSES & CERTIFICATIONS**

---

- Implement 5S To Improve Productivity – 2023
- ISO 9001 Internal Auditing Certificate – 2023
- MikroTik MTCNA - 2021
- TOEFL AMIKOM Score 495 - 2021
- BNSP Database Design for the Web - 2021
- BNSP Program & Software Development - 2019
- Web Development Course - 2019
- Participant in Graphic Design LKS - 2015
- 2nd Place in Graphic Design, Kab Tapin – 2014

## **PERSONALITY**

---

- Creative:  
Enjoys finding innovative solutions to challenges.
- Proactive:  
Always seeks opportunities to contribute and improve.
